

**A. Kimtech\* Wipers for Bleach, Disinfectants and Sanitizers**

Compact, self-contained wiping system combines a disposable Kimtech\* wiper with your preferred cleaning solution. The enclosed system helps avoid contamination of the wipers and cleaning solution while reducing your exposure to chemical vapors and splashes. Compatible with bleach, quaternary amine disinfectants and sanitizers. Free disposable WETTASK\* bucket in each case.

**F. Simple Solutions™ Hard Surface Sanitizing Wipes**

Convenient sanitizing wipers are designed for use in the foodservice industry. Each wiper makes one gallon of no-rinse solution, eliminating the need for measuring out complex dilutions. Approved for use on food contact surfaces, sanitizing wipers create a quick and easy sanitizing option for busy restaurants. Easy-to-use wipers are a cost-effective and safe sanitizing solution. EPA Registered. Green. 50 wipers per box.

**H. Chix® Soft Cloth Delicate Task Wipers**

Soft, nonabrasive, medium-duty cloth can be used for delicate general cleaning tasks such as copier lenses. Soft cloth is also gentle and safe enough to use on hands, face, and body as a patient wipe. Absorbent and quick drying. Free from chemicals and binders. Packaged securely to prevent cross-contamination. White. 13 x 15 cloths. 40 cloths per pack. 30 packs per case.

**I. Dwell™ Disinfectant Compatible Healthcare Towels**

Choose a complete clean with towels designed for healthcare environments that are effective in reducing healthcare-associated infections. Towels are compatible with quaternary, chlorine and hydrogen peroxide-based disinfectants—ensuring delivery of the necessary concentration of active ingredients to surfaces. Engineered with specifically designed apertures to help dislodge and remove biomatter. Towels work to deliver and release more liquid to the surface, as opposed to microfiber and cotton towels. Healthcare-oriented towels help meet goals in facility decontamination/general cleaning. White polyester. 12 bags of 25 per case.
