Sanitaire®

D. Sanitaire® High-Velocity Air Mover

The Sanitaire® High-Velocity Air Mover offers the performance and durability to save time and money. Features a 5.0-amp, 1/2-HP, three-speed motor with air velocity of 2700/3350/3800 FTM, 25-ft. cord and stackable design. Switch panel is front-mounted for easy access. One-year parts and labor warranty for commercial use.

No.	Description	Each
EUR SC6054	With Telescopic Handle and Wheels	
EUR 6053	Without Telescopic Handle	

E. Sanitaire® Precision Air Mover

Air mover provides up to 3400 FPM, three-speed switch and high-velocity airflow in a compact package. Weighing in at only 18-lbs., the SC6055A will perform as well as a traditional dryer weighing twice as much. You can stack two machines in the same space as a traditional dryer, and the low amp draw allows you to connect or "daisy-chain" a total of five hybrid dryers on one circuit. Each machine comes standard with an outlet with circuit breaker protection. The standard kickstand and side bumpers give you a total of four drying positions and a 20-ft. cord. This convenient design allows the SC6055A to be used anywhere and everywhere to dry floors, walls and carpet faster than a traditional dryer. Quiet 67 dB operation. One-year parts and labor warranty for commercial use.
