

### 14 Sanitizer - 108460

An effective sanitizer for use in meatrooms, dairies, poultry plants, bars, restaurants, cafeterias, etc. For use on countertops, eating utensils, drinking glasses, or any hard inanimate, nonporous surface. Will sanitize at a use dilution of 1/4 ounce per gallon of water. No rinsing is required. At 1 ounce per 4 gallons this product (200 ppm active) eliminates 99.999% of the following bacteria in 1 minute in 500 ppm hard water (calculated as CaCO<sub>3</sub>) according to the AOAC Germicidal and Detergent Sanitizing Action of Disinfectants test.

- Campylobacter jejuni
- Shigella dysenteriae
- Escherichia coli
- Staphylococcus aureus
- Escherichia coli O157:H7
- Yersinia enterocolitica
- Listeria monocytogenes

**Dilution Ratio 1:512**

[This container will produce 256.5 gallons of ready-to-use product]

**Recommended Tip:** Bottle Fill- **Light Orange** Bucket Fill- **Light Purple**

**\*Hazardous Material according to D.O.T.**

For detailed product info see page 36

### 15 Enzyme Enriched Floor Cleaner - 108465

This product is a high performance, bacterial-enriched floor cleaner, odor eliminator, and grease digester with a pleasant potpourri scent. It is ideal for cleaning and deodorizing grout, ceramic tile, quarry tile, concrete, brick, and rubber mats with floor machine or mopping. For cleaning carpets, use pre-spray or bonnet buffing method. Inherent biological action continues to clean between regularly scheduled cleanings to help keep grease accumulations to minimum. No rinse is required for light duty application. The unique chemistry provides bleaching action that brightens surfaces as it cleans and leaves surfaces sparkling clean with a pleasant scent. Do not use on food contact surfaces.

**Dilution Ratio 1:32 & 1:64**

**This container will produce:**

**32.5 gallons of RTU product for light to medium duty cleaning**

**16.5 gallons of RTU product for medium to heavy duty cleaning**

**Recommended Tip:** Bottle Fill- **Yellow (1:32)** / **Purple (1:64)**

Bucket Fill- **Tan(1:32)** / **Orange (1:64)**

For detailed product info see page 37

# Equipment

#### QDV-KIT / 109171 - Combination of Low and High Flow Rates, Using Separate Eductors

- ◆ Dispenses up to 3 low flow and 1 high flow products.
- ◆ Utilizes AccuPro Pressure Regulation Technology: ensures accurate dilution regardless of water pressure - ensuring optimal product performance!
- ◆ Includes (2) half gallon lockable chemical enclosures.
- ◆ Low cost dispensing, using fewer components to deliver multiple product dilutions and flow rates.
- ◆ E-Gap eductors provide backflow protection.
- ◆ Unique mounting brackets allow for easy installation.
- ◆ Space saving design requires less mounting area.

#### DSG-KIT / 105751 - Dual High/Low Select Depot with Lockable Button Dispenser

- ◆ Dispenses up to 4 low flow and 3 high flow products plus clear water rinse.
- ◆ Utilizes AccuPro Pressure Regulation Technology: ensures accurate dilution regardless of water pressure - ensuring optimal product performance!
- ◆ Includes (2) half gallon lockable chemical enclosures.
- ◆ E-Gap eductors provide backflow protection.
- ◆ Unique bottle activation allows for easy one-hand filling of spray bottles.
- ◆ Selector valve provides lowest cost multi-product system, along with flexibility for multiple dilutions of one or more products.
- ◆ Unique mounting brackets allow for easy installation.
- ◆ Space saving design requires less mounting area.

#### ADL-KIT / 105091 - 1 Product Low Flow Depot

- ◆ Dispenses one product, low flow.
- ◆ Utilizes AccuPro Pressure Regulation Technology: ensures accurate dilution regardless of water pressure - ensuring optimal product performance!
- ◆ Includes (1) half gallon lockable chemical enclosure.
- ◆ E-Gap eductors provide backflow protection.
- ◆ Unique mounting brackets allow for easy installation.
- ◆ Space saving design requires less mounting area.

#### ADH-KIT / 105089 - 1 Product High Flow Depot

- ◆ Dispenses one product, high flow.
- ◆ Utilizes AccuPro Pressure Regulation Technology: ensures accurate dilution regardless of water pressure - ensuring optimal product performance!
- ◆ Includes (1) half gallon lockable chemical enclosure.
- ◆ E-Gap eductors provide backflow protection.
- ◆ Unique mounting brackets allow for easy installation.
- ◆ Space saving design requires less mounting area.

#### PKG-MCAPKIT - 115160

Lock N Fill products can be used through solution depot equipment by utilizing a mating cap.

#### All Kit Equipment is Available as Individual Parts

Description	Part Number
QDV Dispenser	109170
DSG Dispenser	109172
ADL Dispenser	105090
ADH Dispenser	109167
Chemical Enclosure	109173
