

Polyester paper: ideal for extreme conditions

A Synaps Digital XM Synthetic Paper A great alternative to traditional lamination. Polyester-based synthetic paper is engineered for high heat, dry toner digital printing. Extremely durable and naturally resistant to water, chemicals and grease.

ID No.	Size	Finish	Mil	Sheet Qty.	Unit	Price
1 NEK-66033	8½ × 11	Matte	8 mil	100	RM	52.83
2 NEK-66035	8½ × 11	Matte	10 mil	50	RM	35.04

B Performance Never Tear Paper Tough enough to hold up to harsh weather, chemicals and excessive handling and still deliver excellent image quality. Xerox® Performance Never Tear Paper can hold up in any environmental condition. Holds up to die-cutting, perforations, varnishes and scoring. This tough material has incredible tear strength and is perfect for applications that need to last. Eliminate the need to laminate.

Designed to get the most out of laser printing

Extra smooth and bright for exceptional output.

C Premium Choice Laser Paper Premium, extra-heavyweight, uncoated laser paper for producing professional color documents. It's brighter than ordinary copy paper, with an extra smooth surface that produces sharp, high-contrast images. Acid-free for archival quality. This product was made from wood that came from a certified managed forest.

3 HEW-11310-0 *	98/113	8½ × 11	500	32 lb	RM	23.16

* Poly wrap ream wrap.

D LaserJet Paper Reliable choice for everyday business documents. Extra-smooth surface is ideally suited for documents that combine text with spot colors such as business plans, reports, proposals and more. Its medium weight is great for two-sided printing with minimal show-through. Priced for everyday use. Acid-free for archival quality. This product was made from wood that came from a certified managed forest.

E Color LaserJet Paper Created specifically for color laser printing. Heavyweight for full color documents, super smooth for laser-sharp color images and text, and ultra white for superior contrast for rich, vibrant colors. Ideal for presentations, reports, newsletters and other important business documents. Optimized for HP Color LaserJet printers, but works well in all makes/models of color laser printers and color copiers. This product was made from wood that came from a certified managed forest.
