

A Bluetooth® Tablet Keyboard This keyboard-and-stand combo is designed to travel easily, set up quickly and add a touch of convenience to all the places you use your tablet. It combines the best of traditional and laptop keyboards for a great experience wherever you use your device. The keyboard pairs easily with your tablet over Bluetooth® wireless. You also get media controls—like play, pause, volume up and volume down—right at your fingertips. On the go, the carrying case helps protect your keyboard. And once you arrive, it converts into a sturdy stand that's adjustable to the angle that's most comfortable for you. The separate stand also means you can place your tablet in landscape or portrait mode for more freedom than other types of portable keyboards.

ID No.	For Use With	Color	Unit	Price
1	LOG-920004569 Android™ Tablet; Windows® 8 Tablet	Black	EA	69.99
2	LOG-920003676 iPad®	Black	EA	69.99

B Easy Switch Keyboard Beautifully designed Bluetooth® keyboard with one touch easy-switching. Type an email on your Mac®, then quickly switch to taking notes on your iPad® or replying to a text on your iPhone®—by simply pressing one button. Keys are also sharp, bright, and always easy to read, thanks to auto-adjusting illumination which dims or brightens depending on the amount of light in the room. Even recharging is convenient—simply plug in the USB cable and recharge while you work. Bluetooth® connectivity. Manufacturer's limited three-year warranty.
