A Adjustable Triangular Scale for Architects Versatile design lets architects work with maximum efficiency. Change units by rotating dial at either end of scale without moving scale from work surface. 12" 1/2 scale. Exact calibrations. Highest quality aluminum. Adjusts to 1/16, 1/8, 1/4, 1/2, 1:1, 2:1 and 32.

ID No.	Length	Unit	Price
1 CHA-238	12"	EA	32.25

Chartpak.

B Adjustable Triangular Scale for Engineers Designed for the exacting needs of engineers. Change units by rotating dial at either end of scale. Exact calibrations. Highest quality aluminum. Adjusts to 10, 20, 40 and 50 parts to the inch.

ID No.	Length	Unit	Price
2 CHA-240	12"	EA	32.25

C Color-Coded Triangular Scale The color coded center groove easily identifies scale graduations. Measurements are precision-etched into a durable laminated plastic for accuracy. Comes in a protective case.

ID No.	Length	Description	Unit	Price
Architectural Scales —Color coded, 3/32, 1/8, 3/16, 1/4, 3/8, 1/2, 3/4, 1; 16.				
3 CHA-235A	12"	Architectural Scales	EA	16.75
Engineering Scales —Color coded, 10; 20; 30; 40; 50; 60 parts per inch.				
4 CHA-235E	12"	Engineering Scales	EA	16.75

Chartpak.

D Triangular Scale Made of plain white high grade molded plastic. Measurements are printed clearly on the plastic face.

ID No.	Length	Description	Unit	Price
Architectural Scales —3/32, 1/8, 3/16, 1/4, 3/8, 1/2, 3/4, 1; 1 1/2; 3:1; 16.				
5 KOH-3272BC	12"	Architectural Scales	EA	8.75
Engineering Scales —10; 20; 30; 40; 50; 60 parts per inch.				
6 KOH-3274BC	12"	Engineering Scales	EA	8.75

Chartpak.

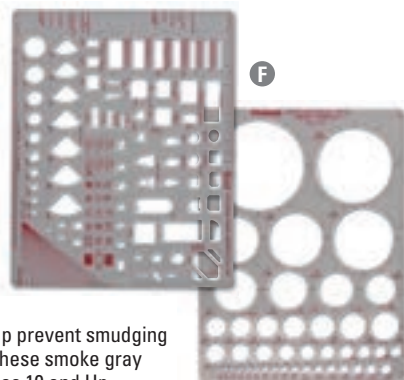

E Protractor Beveled edges and 1/2" graduations provide accuracy. Measurements up to 180° Transparent plastic is easy to read on colored paper. Engraved and scratch-resistant surface. Distortion-free.

ID No.	Color	Ruler Size	Qty.	Unit	Price
7 CHA-6180	Transparent Tinted	6" Ruler Edge	1	EA	7.35
