B Tamper-Evident Deposit Bags Great for night drop deposits to your bank. Barcodes and sequential numbers individualize your deposits. Tear-off receipts help you track each deposit. Features easy to write-on surface. Physical attacks cause a "STOP" message to appear in closure. Thermochromic ink on the closure detects any entry into the bag with heat. Water or solvent attacks distort green ink by disappearing or smearing. Treated with antimicrobial agent* to protect bag from growth of bacteria, mold, mildew, fungus and odors.
