

A. Clorox® Germicidal Bleach

EPA-registered to kill 39 organisms, including multiple strains of MRSA, Norovirus and 3 strains of influenza. Dosage requirements for disinfection are cut in half. New ergonomically enhanced packaging is easier to pour, handle, carry and store. Safe for food-contact surfaces. Clorox® Germicidal Bleach kills salmonella, E. coli and listeria. With the higher concentration level, dosage requirements for general disinfection are cut in half, providing better value and a smaller, easier to handle bottle. From Clorox Commercial Solutions®, germicidal bleach is ideal for use in busy healthcare environments, offices, schools and other commercial facilities.
